Are you a Latina 25 or Older Attracted to Women?

The Iris Cantor- UCLA Women's Health Education and Resource Center in partnership with the LA County Lesbian and Bisexual Women's Health Collaborative are conducting a focus group. If you live in LA County, we want to hear your experiences regarding the delivery of health care to women attracted to women. Your input is needed to help us develop a training program for physicians and health care workers to become more effective and sensitive to the health care needs and concerns of their patients.

This is a confidential research project.
